

The Education Partnership Map Zoom Levels

Neighborhood View: This zoom level would allow educators and donors to view the specific cross-streets where a partner school resides. Again labels and streets are clearly seen.

City View: This zoom level would allow for educators and donors to see all schools that are in a given area. All streets and labels are easily visible.

The Education Partnership Map Zoom Levels

Regional View: This zoom level shows all parts of the Greater Pittsburgh Area and maintains clarity for donors or educators to see all partner schools in the area
